Creating Survey

Each Survey created using Composer/VR Studio may include a mix of three types of questions:

1- **Multiple Choice Question**
2- **Interactive Question**
3- **Star Rating**

In a **Multiple Choice Question** the student needs to select one of the available choices.

In an **Interactive Question** the student should select the 3D model from the scene.

In a **Star Rating**, the user needs to rate the experience (out of 4, 5, or 10 stars), based on the designer's choice

Unlike Quizzes, surveys do not have a correct answer, but it shares with Quizzes other features.
